SUMMARY

Senior UI Engineer with 8+ years of experience building responsive, user-friendly web interfaces. Skilled in Angular, TypeScript, JavaScript, and reusable component development, with experience spanning enterprise applications, integration troubleshooting, WordPress, and dynamic email templates. Combines technical leadership and client collaboration with a focus on maintainable code, accessibility, and performance. Aims to take greater ownership of frontend architecture and scalable UI systems.

EXPERIENCE

Technical Lead
Vision22

11/2025 - 09/2026 | Part Time
Led technical delivery across digital products, supporting 25+ clients with web applications, email platforms, and hosting, data, and service issues.

- Built an internal tool to collect and filter data, identify target keywords, and discover prospective leads across **26+ countries**.
- Reduced research time by **80%**, shortened turnaround from weeks to **1-2 days**, and increased output **10x**.
- Applied technical leadership and problem-solving while developing skills in international marketing and AI-assisted product design.

Senior UI Engineer
FlairsTech

10/2021 - 11/2025 | Full Time
Software solutions company; contributed to Upland Software products.

- Contributed to development, maintenance, and client issue resolution across RO Innovation, InGenius, and Adestra.
- Collaborated with clients to clarify requirements, review deliverables, gather feedback, coordinate maintenance, and provide technical guidance and updates.

Senior UI Engineer | RO Innovation
Upland Software

07/2024 - 11/2025 | Contract
Developed Angular-based interfaces and improved usability across enterprise workflows.

- Built responsive interfaces and reusable UI components, balancing user needs with clean, maintainable code.
- Contributed to an Angular 8-to-20 upgrade initiative to modernize the application.
- Resolved complex UI issues and refined layouts and interactions, contributing to a **12% reduction in workflow completion time**.

Solution Developer | InGenius
Upland Software

07/2023 - 07/2024 | Contract
Provided technical support and identified integration solutions suited to client workflows.

- Used TypeScript to investigate application behavior, identify underlying causes, and support technical issue resolution.
- Evaluated client requirements and recommended suitable integration solutions to improve the client experience.
- Helped improve service processes, contributing to **15% faster service delivery** and an **8% reduction in client issues**.

Email Developer | Adestra
Upland Software

10/2021 - 07/2023 | Contract
Developed complex, customizable email templates and resolved client issues.

- Built templates with **10+ customization options per section**, using HTML, CSS, and JavaScript within platform constraints.
- Addressed email rendering and compatibility issues while translating client requirements into distinctive, functional designs.
- Served **150+ clients**, contributing to a **15% increase in client satisfaction** and a **10% reduction in development time**.

WordPress Web Developer
Action Digital

10/2021 - 09/2022 | Contract
Developed responsive WordPress websites integrated with Toolset.

- Defined page structures and layouts, balancing visual design, usability, and business requirements.
- Converted designs into clean HTML, CSS, and JavaScript; used Toolset for custom content structures and dynamic templates.
- Optimized mobile, tablet, and desktop layouts and resolved performance, styling, and functionality issues.

Mid-Level UI Developer & Designer
Eureka Digital

04/2020 - 09/2021 | Hybrid
- Designed and developed web pages, balancing functionality and aesthetics with responsive layouts and clean frontend code.

Front-End Developer
EGY Design

12/2018 - 04/2020 | Full Time
- Implemented visual elements and user-facing interfaces for web applications.

Graphic Designer
Vision22

01/2018 - 12/2018 | Full Time
- Developed layouts and production designs for advertisements and corporate reports.

PR Representative
DEUTSCHLAND Metallhandels GmbH

03/2018 | Part Time
- Represented the company at the Metal & Steel Exhibition 2018.

EDUCATION

Front-End Nanodegree
Udacity

01/2019 - 07/2019 | Cairo, Egypt

Bachelor's Degree | Business Information Systems (BIS)
Helwan University

01/2012 - 06/2016 | Cairo, Egypt
Graduation project: A+ | GPA: 3.3

Hadayek El-Maadi Experimental Language School
1999 - 2012 | Cairo, Egypt
